Healthy Kids™ Furniture by Wood Designs

Wood Designs has converted its entire product line to Healthy Kids™ — safe, strong, durable, and environmentally friendly furniture available for children's use in classroom and daycare facilities. Healthy Kids™ furniture is made in the U.S. from 100 percent solid, strong Baltic birch plywood or Maple hardwood and is free from phthalates, melamine, lead, and added formaldehyde — chemicals often linked to asthma, leukemia, autism, and neurobehavioral disorders. Each piece of Healthy Kids™ furniture meets or exceeds current eco-certifications, including compliance guidelines for CARB - 2, the Consumer Product and Safety Improvement Act and the Collaborative for High Performance Schools.

Language Games by Fun and Function

Ideal for children with speech and language delays, these award-winning games from Fun and Function enhance receptive and expressive skills, build vocabulary,

and encourage critical thinking and concentration. Features large magnetic play pieces, colorful cards sized for small hands, and fun game variations for children at every level. The language games are available in Combo Packs, which is perfect for childcare centers, schools, and clinics. Shipping is free.

Thumball™ by Answers In Motion

An interactive inclusive game for learning fun. Twenty

Thumball™ designs are effective tools to develop language and social skills. Safe, soft, soccer-style balls are inexpensive and easy to use. Catch Thumball™ and discuss what is on the panel beneath your thumb. Four distinct "Early Learner" Thumballs™ enrich circle time, promote movement and teach alphabet, numbers, shapes, colors, and animal vocabulary. For staff meetings, the Ice Breaker or new Meet & Greet design increases motivation and participation. Thumballs™ create meaningful conversation for kids and adults.

Locking Laptop Table by Jonti-Craft, Inc.®

Jonti-Craft, Inc.® has announced the addition of the Locking Laptop Table to its expansive line of early childhood products. This multi-functioning table has four pull-out drawers with drop-down fronts for work access. These drawers also keep laptops secure while providing cord management for simple organization. The mounted locking casters allow the table to be moved quickly and easily from room to room. The Locking Laptop Table is available in three heights and requires minimal assembly.
